7/12/2011 Town of Groton Resource Recovery Authority Discussed

Gary Schneider, Director of Public Works, noted various issues associated with SCRRA. The Executive Director has retired and the Authority is hoping to select a new Director by the end of July who will visit the GRRR sometime in the future.

The transfer of the Materials Recycling Facility (MRF) to the Town of Groton is still held up at DEEP because there is no process in place for such a transfer. SCRRA has submitted a report to DEEP and DEEP has indicated they will move it along.

The Municipal Service Agreement between the Town and SCRRA was signed in 1985 with a term of 30 years.

Bond payments will be done in 2015 and the agreement will expire. Staff will be reviewing the Town's issues and waste commitment to SCRRRA.

In addition, it is time to update the GRRRA Rules and Regulations that were developed in 1998.
